The Future of Finance

Digital is transforming the #FutureOfFinance and shifting from cost to value, creating:

- **A change in responsibilities**
- New technologies
- New skills, competencies and mindset

### Value

58% of the general finance teams’ roles focus is more aligned to preserving value than creating it.

64% of management accounting practitioner roles focus on creating value.

#### DESIRED TIME SPENT ON BASIC FINANCE ACTIVITIES

- 82% believe they will spend less time on information tasks.
- 74% believe they will spend more time on impact activities.

#### TO CREATE VALUE, THE FINANCE FUNCTION WILL NEED TO

- **Enable**
  the organisation to create and preserve value.
- **Shape**
  how the organisation creates and preserves value.
- **Narrate**
  how the organisation creates and preserves value.
